## ON THE WAY TO A CHILD FRIENDLY CHURCH

Children are not only our future, their opinion counts today. We want a church where children feel accepted and can bring in their own perspective.

The Evangelical Mission in Solidarity (EMS) strengthens children and hears their voices. Child friendly church is the focus of YOU+ME: FRIENDS AROUND THE WORLD.

All members of the worldwide EMS family work together to become child friendly churches. How can it be achieved? Important are: liturgy, children's rights, theology, pedagogy and how to design spaces for children.

Children are the center of our work.  
We listen to their voices and wishes.  
This is the way to make our churches more friendly for children.

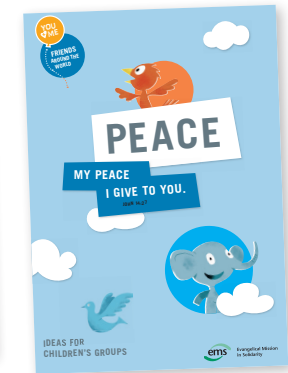

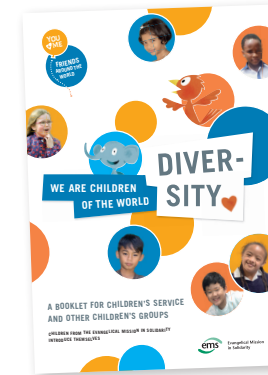

## WORKBOOKS FOR CHILDREN'S GROUPS

We offer workbooks for children's groups worldwide. They are available in English, German, Indonesian and Korean language.

### DIVERSITY BOOKLET

The booklet takes children's groups on a journey around the world. On the carefully designed pages, six children from the EMS introduce themselves: a child from India, Indonesia, South Africa, South Korea, Ghana and Germany. They speak authentically about their concerns, their joys and worries.

### PEACE BOOKLET

Peace is a topic that is important to children around the world. Seven children from the EMS network share what peace means to them.

The emphasis is on children and peace in South Korea and the pressure to perform.

### CREATION BOOKLET

God created the earth, but nature is in danger. Children from all around the world are interested in taking care of God's creation. The booklet gives ideas on how children can get into action. Special attention is paid to the island state of Indonesia.

## WORKSHOPS FOR ADULTS AND CHILDREN

We offer workshops for adults and children. We show how to work with our booklets and discuss how the church can become child friendly.
