

PROJECT INFORMATION

GERMANY: GENERAL WORK

Support the general work of the EMS.
Your donation goes to help where help is needed most.

With your donation towards “general work”, you are supporting the various tasks of the EMS, exactly where your help is needed most urgently.

The EMS is the international community of churches and missionary societies in Africa, Asia and Europe. An important element of this community are the joint projects and networks. With donations towards the general work of the EMS, you are supporting these cross-border programmes and established networks run by the EMS. In doing so, you are enabling a vital partnership on equal terms and international cooperation between all member churches. For example, this is where project leaders network and exchange experiences, young adults gain life-enhancing experience on the Ecumenical Youth Volunteers Programme, and women’s organisations unite across continents to form a women’s network.

A very commendable decision

Donations towards our general work have a significant benefit:

they give us planning security and reduce the administrative burden. You are entrusting us to use the money where it is needed most urgently at that particular moment. This way, we can provide flexible and uncomplicated support where the need is greatest. This also makes it possible to implement important projects, for which insufficient donations have been received through other means. You can rest assured that we will use the money you trust us with responsibly, transparently and as you would like to see it used.

Vibrant and solidary partnership

We share our resources with people in Asia, Africa, Europe and the Middle East. We learn from one another and with each other; we make decisions together. We are committed to peaceful dialogue, the fight against poverty, and healthcare provision. We support school and education programmes and encourage the spreading of the Gospel. This way, we live in a vibrant and solidary partnership.

DONATE
